Crested Butte is an incredibly beautiful, quaint, ski town that is also an exciting summer vacation retreat in the Rocky Mountains of Colorado! It is located on the East River in Gunnison County. CB is a well-known destination for world class skiing and snowboarding in the winter. The mountain of Crested Butte is about 12,162 ft. above sea level, and the base of the ski area is about 9,375 ft. It has 14 lifts and 1058 acres of land, of which 448 acres are all double black diamond runs. The US Extreme Skiing Championships and the X Games were held at Crested Butte. However, it is also an outdoorsman's dream come true in the summer.

Crested Butte is recognized as the Wild Flower Capitol of Colorado! It has the most beautiful wild flowers growing everywhere, as far as the eye can see. The backside of the Maroon Bells (which is about 8 miles away near Aspen) provides a nice backdrop to this ski town.

Crested Butte is also well known for its phenomenal fly fishing, mountain biking, back packing and trail hiking, SUP paddle boarding, horseback riding, golf, and much more!

Crested Butte also has a music festival all summer long each year, but with the current state of events, the schedules might be subject to change. June, July and August are great months to visit this beautiful year round mountain town.
